CMC Road, NOC Building ,Addis Ababa, Ethiopia

LANGUAGE

- English
- Amharic
- Tigrinya

SKILL SUMMERY

Frontend 93 %
Back End 60%
UI/UX 89%

ABOUT ME

I graduated from Arbaminch University with a degree in Electrical and Computer Engineering, specializing in Computer Engineering. During my time at the university, I developed a strong foundation in both hardware and software aspects of engineering. My passion for web development spans both front-end and back-end technologies. I have honed my skills in creating visually appealing, responsive, and user-friendly websites.

Over the past few years, Starting from My Internship period At Dan Energy, I have worked on several projects that involved building websites from scratch, improving user interfaces, and optimizing website performance. These experiences have not only strengthened my technical abilities but also my problem-solving and project management skills.

EDUCATION

Arbaminch University

Bachelor of Science in Electrical And Computer Engineering (Specializing in Computer Engineering)
- 3.84 GPA   • Exit Exam: 84 (100 %)

SKILLSETS

- C++ , JAVA
- HTML ,CSS AND JAVASCRIPT
